Portfolio: <https://portpholio-d56c.vercel.app/>

## Objective

Aspiring Data Analyst with experience in data analysis, statistical modeling, and machine learning. Proficient in SQL, Python, and data visualization tools like Power BI and Excel. Seeking to gain practical experience and contribute to data-driven decision-making in a dynamic environment.

## Education

B.Sc. (Hons) CS from Teerthankar Mahaveer University, Moradabad with CGPA 7.89.2021-2024

Intermediate from State Board with a score of 67%.2020-2021

High school from State Board with a score of 67%.2018-2019

## Skills

- **Programming Languages:** Python, SQL
- **Data Analysis Tools:** Power BI, Excel, Python Libraries (NumPy, Pandas, Matplotlib, Seaborn)
- **Statistical Analysis:** Predictive analytics, trend analysis
- **Machine Learning:** Model building, enhancement (Scikit-Learn)
- **Visualization:** Report creation, dashboards (Power BI, Excel)
- **Soft Skills:** Strong communication, collaboration, problem-solving.

## Work Experience

Data Analyst Intern

June 2024 – July 2024 | KultureHire | Remote

- Analyzed career aspirations using SQL and Excel.
- Developed interactive dashboards and presented insights to stakeholders using Power BI.

### Job Simulations

- **PwC Switzerland Power BI Job Simulation (July 2024):** Demonstrated advanced Power BI skills by visualizing HR data and analyzing gender balance issues.

## Projects

- **Fake News Detection Model:** Developed a Flask API with Random Forest achieving 89% accuracy using NLP and Vectorizers for preprocessing.
- **Text Analysis Web App:** Built with Flask, Pandas, and NLTK for efficient text processing and analysis.
- **Stock Market Analysis:** Analyzed stock trends using Exponential Smoothing and ARIMA models for forecasting.

## Certifications

- **Google Professional Data Analytics** (December 2023) – [Certificate](#)
- **IBM Python for Data Science**
- **IBM Python for Data Analysis**
